***PUBLIC COMMENT OF THE ITEMS NOT ON THE AGENDA:***

No Public

***DISCUSSION AND OTHER ACTION ITEMS:***

Mr. Patin spoke with a local contractor and asked if there was a way to reduce the cost of putting a restroom at Pearson Park. Mr. Patin was told by the contractor that the only way to do so would be to move the restroom closer to the street and sewer lines. It would knock off approximately \$15,000 from the project cost. Committee discussed moving forward with placing portable restroom at Pearson Park as a temporary solution to restrooms being provided at this park until funds are available to put a permanent restroom in place. The committee made a motion and approved to move forward and take the restroom in Freedom Park, and the portable restroom having 2 units serviced twice a week to City Council for approval of funds for the portable restroom for the remainder of FY19 which will cost approximately \$1,700. Mr. Patin informed the committee that the Splash Pad was done and all training on the care of the Splash pad was complete and also recorded for reference and training purposes. Committee members suggested having IT save the training that was recorded be saved to the City's YouTube account and other places as back up. Mr. Patin stated that the Splash Pad was set to go to City Council on February 20, 2019 for the Notice of Completion. Grand opening date was discussed for the Splash Pad and Mr. Patin said that we should wait until March to decide when to

have the grand opening weather permitted. Mr. Patin informed the committee that the Assessment District report is complete, and he has been meeting with different groups, individuals, and organizations. He stated that he hasn't had any oppositional views regarding the assessment.
